Mr. R. K. Olsen  
Allen B. Du Mont Laboratories, Inc.  
330 Highland Avenue  
Clifton, New Jersey

Dear Mr. Olsen:

I wish to express to you my personal appreciation for the excellent job you and your group did in completing and delivering the Dual Orthicon Chain to WABD in time to broadcast the New York Yankee game at the Yankee Stadium on September 14.

Mr. Williams, Mr. Spector, and Dr. Goldsmith have told me of the efforts you and your associates went through to assure that this Chain would be delivered on time. I think the Chain, which I saw in New York, is an exceptionally good piece of workmanship and a creditable equipment to add to the Du Mont line.

All of us realize that our schedules are tight, but I knew you would come through.

Sincerely,

Allen B. Du Mont
